Dear Ms Day:

Re application # 08/64905 (filed May 2, 1976)

I submitted an incorrect amount for my application on 7/23/77. Responded on 7/24/77 after I called the office, I was informed that to keep the patent in force that

- (1) I submit the corrected fee
- (2) write a letter to the Commissioner to petition and submit \$130 fee.

Now on June 2, 1978 I received a letter informing me of abandonment. The delays were certainly unintentional

Enclosed are the cancelled checks and correspondence.

Please advise
